

# Daisy Voda Fusion

Daisy Voda Fusion is a tariff created by, and exclusive to Daisy Communications.

Available exclusively on the Vodafone network, Daisy Voda Fusion is built like a single user tariff giving all users access to Unlimited calls, texts and allowance of data. However, unlike standard single user tariffs, Daisy Voda Fusion will also give users access to shared data. Allowances are applied and then shared amongst your mobile fleet. It's cost-effective as well, so no matter what bolt-ons you require you'll pay a flat fee per user per month, plus whatever bolt-ons the business requires. Daisy Voda Fusion also offers optional single user bolt-ons for data top-ups, international minutes, international SMS and roaming data bolt-ons.
